2005 KTM Smc 625, I'm selling my 2005 KTM 625 SMC. The bike has 3137 miles on it at this time. It has a KTM Ergo Seat. The stock seat is also included. Rear tire is new and plenty of life left in the front tire. Suspension is setup for 165 lb. rider. Previous owner put in taller gearing. The bike is a brute. It pulls like a mule and handles great!

The LC4 KTM 625 SXC is by far the sickest dual sport bike ever made! I think the bike handles great on and off road (hills or not). The bike is a little heavy but who cares. I didn't buy the bike for the weight I bought it because it rules over the XR 650. If your thinking about buying one, do it! This bike is sick!
